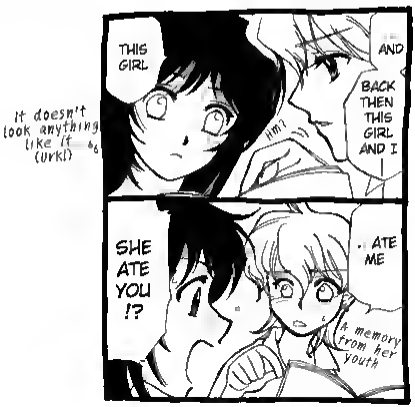
Thank you for creating a book about ZLAY
It's a little embarrassing, though.
And I'm sorry my submission is late....
I wanted to draw something with a plot...
but ended up with this instead.
I'm really sorry....
It has only two of them in it, too....

ZLAY

Foreword.

This manga was the inspiration for this book.



©Strawberry Shake From Yuri Shimai 3

To both the new faces and the old (thanks for your continued support!), hello! I'm Usako, a big eater who's an assistant in name only! (Striking a pose☆) it seems Sakeko-bou* is doing a parody of someone else's manga for a change— and has even invited guests to participate!! (How unusual—.)

So, this book features the popular band from the *Yuri Shimai* manga *Strawberry Shake* (©Hayashiya Shizuru-sama). ZLAY! ....Hey, that's such a narrow focus, Sakeko! (laugh)

Well, anyway, we'll be pleased if you skim through the book.

And to our guests! We're sorry we made such a sudden request of you during a busy time (and it sure was!) ..... and thank you. Until we meet again.

Special Thanks *Yuri Shimai* Editorial Department-sama

*note "Bou," when used as an honorific, indicates familiarity and light mockery

This is Picaresque, in Aoyama.

Ryou's doing facial exercises.

note. Kaoru makes a play on words here that references the anime/manga Wansa kun

Reki likes old jokes.

*note. Kaoru also makes a play on words she tacks the character for "woman" onto one of the words, changing it to the word for "witch." This may also be a reference to the anime/manga Ojamajo Doremi

The hit band "ZLEY," all together.**

RE-GRET .....
You will surely find today's events difficult to believe. Nevertheless, I suffer from regret.
An excerpt from Kitsu's diary.
HEY, WHAT'S WRONG?
I should have written sooner, but had no time.
siiigh..
What are you Takumi no Kami, now?

Let's write it in our diary.

Note: This is likely a reference to an episode of Chuushingura Ketsudan no Toki called Ninjou Matsu no Rouka Takumi no Kami Munen no Sakebi (Bloodshed in the Pine Tree Corridor Takumi no Kami Cries Out in Regret) Chuushingura is a popular Japanese story that has been retold in many different media. "Takumi no Kami" is the title of one of the characters, Asano Naganori.

GOOD EVENING !
BUT WHO ARE YOU TALKING ABOUT?
I CAN'T BELIEVE MY TECHNIQUE FAILED ON HER.

She struck with the back of her sword.

The heroine of the story appears (though it's at the very end).

Well, on that note...
I know I'm nothing like the original creator, but I drew this anyway — "ZLAY On Vacation." Don't stone me! Don't stone me, please! Personally, I like Sal & I want her to have an angular build & Ritsu's just the opposite — incredibly voluptuous!! That's how I want it to be, anyway. Sorry. I lost it there.
but when Ryou gets naked I want her body to have more feminine curves than you'd expect. And, and, I want Reki to have a slender childlike fffffguuuure. (Fadeout)
